Hazard Reporting

Structured forms with location details, descriptions, and photo uploads.

My Reports

Personal history tracking report status: Pending, Approved, or Solved.

Emergency Hub

Single-tap access to security, ambulance, fire, and police services.

Safety Guides

Step-by-step protocols for fire, flood, power outage, and earthquake.

Live Alerts

Real-time feed of community notices — from maintenance to urgent warnings.

Planned Database Tables

Core data structures to support all user and admin flows.

Table	Key Fields	Purpose
Users	Id, Password, Name, Role , Contact	Resident, Admin, Responder accounts
Reports	ReportID, UserID, Type, Location, Status, Photos	Hazard submissions and tracking
Alerts	AlertID, Title, Body, Priority, Timestamp	Community notices and warnings
EmergencyContacts	ServiceID, Name, PhoneNo, CategoryEmergency	Single-tap directory for Emergency Hub
SafetyGuides	GuideID, CategorySafety, Steps	Procedural content for Safety Guide library

MY SAFE COMMUNITY - NAVIGATION STRUCTURE

Guardian Sync

Community safety, streamlined. Secure your neighborhood with real-time response.

Guide

Report a Hazard

Residents submit issues [electric problem, water problem, road problem, etc.] with location details, descriptions, and photo uploads. After submission, a success screen links to My Reports for status tracking.

My Reports

View the latest submission, inspect uploaded evidence, and browse past reports with expandable detail views.

The process is designed for clarity and efficiency: residents simply complete a structured form, receive immediate confirmation of their submission, and can then monitor the progress of their report directly within the app.

Live Alerts And Announcements

A scrolling feed of community notices — from infrastructure maintenance to urgent safety warnings. Users tap notice cards to expand details and tap Confirm Acknowledgment to dismiss high-priority alerts.

Emergency Hub

A grid of single-tap call buttons for Neighborhood Security, Fire & Rescue, Civil Defense, and more. Specialized services [Surgery, Mental Health] are accessible via a View All directory.

Safety Guides Library

Procedural guides for every major emergency scenario, always accessible from the bottom navigation.

Fire Safety Guide[Assume selected 1.Fire]

Procedural guides for selected emergency scenario will show out as sees in the image
